

Announcing:

BRATFEST XXV

The 25th Annual Bratfest
Saturday, September 20, 2003
Hawthorne House, Tucson, Arizona

in conjunction with

LPLC VI

The 6th Lunar and Planetary Laboratory Conference
September 18-19, 2003
Tanque Verde Ranch, Tucson, Arizona

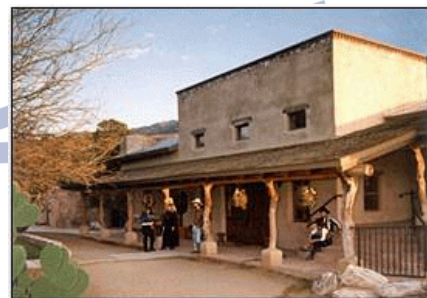

Excuses:

A chance to come and tell your alma mater (or former employer) LPL at the University of Arizona what is keeping your satellites in orbit

An opportunity to celebrate the institutional legacy of Bratfest that began with you! What will keep us up til the wee hours of the morning will be butter-soaked corn, grilled-to-perfection bratwursts, a bounty of cheesecakes, keg upon keg of beer, dancing, and of course, good conversation!

Just get yourself to Tucson, give us \$5 for Bratfest, and Mike Drake will generously cover all LPLC costs.

We cannot wait to see you!

Tanque Verde Ranch
