# THE **ART** OF **PLANETARY SCIENCE**

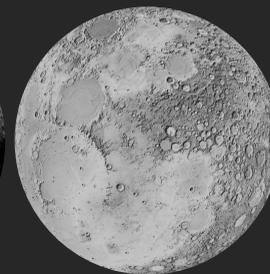

AN EXHIBITION

ART

IMAGES

DATA

6-10 PM WEDNESDAY DECEMBER 4<sup>TH</sup> 2013

LUNAR AND PLANETARY LABORATORY  
UNIVERSITY OF ARIZONA

Welcome to the Lunar and Planetary Laboratory's first ever Art of Planetary Science exhibition and competition! Tonight we will celebrate the elegance and beauty of science through scientific data and art. On display are more than 120 works of art from more than 70 local artists and scientists, in a variety of mediums including paintings, prints, photographs, sculptures, glasswork, film, writing, and textiles. For the competition, artwork was juried in two categories: fine art and data as art. We hope you come away from tonight with a greater appreciation of planetary science, and a greater connection to the science and art communities of Tucson. Enjoy!

**Jamie Molaro & James Keane**  
Organizers of *The Art of Planetary Science*

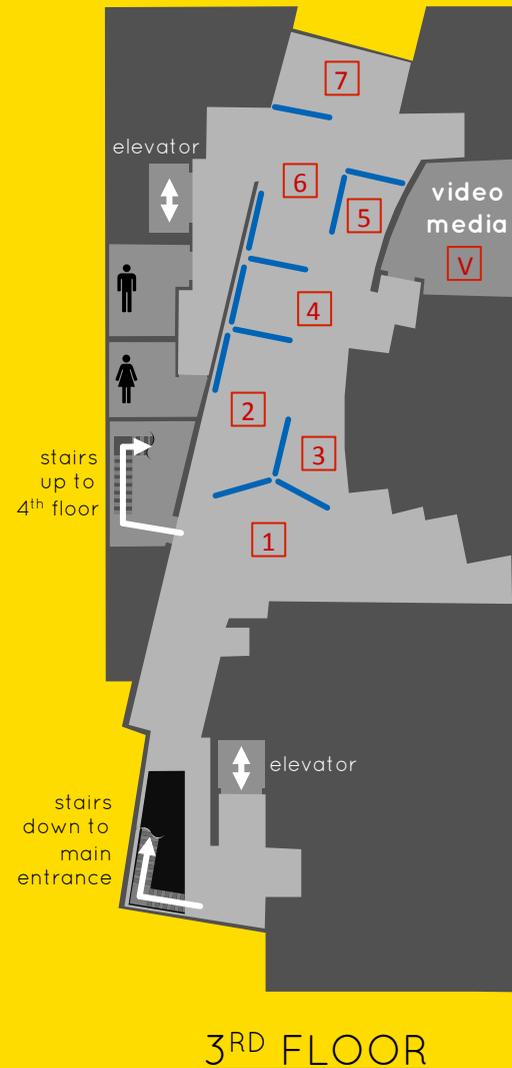

## { PARTICIPATING ARTISTS & SCIENTISTS }

Boxed number indicates where the art is displayed in the exhibit.  
Starred artists (★) have been kind enough to donate their work.
