

Top Ten Recommendations from the Academic Program Review Committee

10. All emails should be sent in triplicate.
9. Outside liquids not permitted in the department for security reasons; Academic Office to sell bottled water for \$4.99.
8. Boost building air conditioning in preparation for global warming.
7. More publications on the physics of toys.
6. Change department logo so that the number of lines accurately reflects the number of planets in the solar system.

???

5. Renew focus on core competency: paperwork.
4. Ecumenical committee to bless the Phoenix spacecraft before launch.
3. Admit short grad students to conserve office space.
2. Department should halt production of enriched uranium or face international sanctions.

1. Department Drivers Ed.

(How many planetary scientists does it take to change a tire?)
