

**Pierre Haenecour**  
*Assistant Professor*  
Lunar and Planetary Laboratory  
The University of Arizona  
1629 E. University Blvd.  
Tucson, AZ 85721-0092  
Email: [haenecour@email.arizona.edu](mailto:haenecour@email.arizona.edu)

### **Professional Preparation**

Washington University	Earth and Planetary Sciences	PhD (2016) & MS (2012)
Free University of Brussels	Geology & Geochemistry	BSc. (2008) & MS (2010)

### **Professional Appointments**

<i>Assistant Professor</i> , Lunar and Planetary Laboratory, University of Arizona	2019-present
<i>Visiting Professor</i> , <i>McDonnell Center for Space Sciences</i> , <i>Washington University in St. Louis</i>	2021-present
<i>Postdoctoral Research Associate</i> , University of Arizona	2017-2019
<i>Robert M. Walker Postdoctoral Fellow</i> , Washington University in St. Louis	2016
<i>Doctoral Student (PhD)</i> , Washington University in St. Louis	2011-2016

### **Fellowships and Academic Awards**

Selected for the AAAS/Science Program for Excellence in Science	2017
Meteoritical Society Early Career Scientist Award	2017
The Brian Mason Award	2016
Dean's Recognition for Student Leadership at Washington University	2016
Dr. Diane DeMell Jacobsen Scholarship	2015
NASA Earth and Space Science Fellowship (NNX12AN77H)	2012 – 2016
NASA Cosmochemistry Travel Awards for the Annual MetSoc meetings	2012 – 2016
Seventh LPI Career Development Award	2014
Summer Research Fellowship from the McDonnell Center for the Space Sciences	2009

### **Synergistic activities**

<i>Sample Science Co-Investigator NASA's OSIRIS-REx mission.</i>	Present
The lead for the Sample Analysis Data Archiving Working Group (SADAWG), and member of the Sample Elements and Isotopes Analysis (SEIWG), the Sample Organics Analysis (SOAWG), and the Mineralogy and Petrography (MAPWG) Working Groups.	
<i>Co-Chair of the Facilities &amp; Informatics Subcommittee on the Extraterrestrial Materials Analysis Group (ExMAG)</i>	2021 – Present
<i>Mentor to an Undergraduate Student in the NSF Achievement in STEM Program of Immersive Research Experience and Support (ASPIRES)</i>	2021
<i>Reviewer for Nature Astronomy</i>	2019
<i>Special Issue organizer for Meteoritics &amp; Planetary Science</i>	2018
<i>Session Convener at the Goldschmidt Conference</i>	2018

<i>Panelist &amp; External Reviewer on NASA ROSES Planetary Science Review Panels</i>	2017 – 2021
<i>Co-President of the Graduate Student Senate, Washington University</i>	2015 to 2016
<i>Chair of the Graduate Student Professional Development Committee, Washington University</i>	2015 to 2016
<i>Member of the Graduate Student Health &amp; Graduate Student Diversity and Inclusiveness Committees, Washington University</i>	2014 to 2016
<i>Member of the Jed and Clinton Foundations Health Matters Campus Program - Mental Health Task Force, Washington University</i>	2015 to 2016
<i>Member of the Facilitating Inclusive Classroom Standing Committee, Washington University in St. Louis</i>	2015 to 2016
<i>Reviewer for Geochimica et Cosmochimica Acta</i>	2016
<i>Session chair at the Annual Meeting of the Meteoritical Society</i>	2016
<i>Earth &amp; Planetary Sciences Graduate Student Representative, Washington University</i>	2014 to 2015
<i>Reviewer for Meteoritics &amp; Planetary Science</i>	2014
<i>Earth and Environmental Sciences Student Representative, Free University of Brussels</i>	2008 to 2010

### Invited Talks, Lectures and Brown Bags

Vice Motherboard - " <a href="#"><i>How to Grab an Asteroid   The Space Show</i></a> "	Sept 2021
University of Arizona - The 16th Annual College of Science Lecture Series: " <a href="#"><i>Water: Beyond Earth</i></a> "	April 2021
Astronomy Days at the North Carolina Museum of Natural Sciences <a href="#"><i>NASA OSIRIS-REx Mission: Insight into the Origin of Volatiles Through the Analysis of Samples from Asteroid 101955 Bennu</i></a>	Jan 2021
Jet Propulsion Laboratory <i>Thermal Processing of Dust Grains on Airless Bodies: Insight from In-situ Heating inside a Transmission Electron Microscope</i>	Dec 2020
236 <sup>th</sup> American Astronomical Society (AAS) – Laboratory analyses of extraterrestrial materials <i>From Stars to the Solar System: Analysis of Stardust Grains in the Laboratory</i>	June 2020
NASA SOFIA Science Center <i>A Needle in a Haystack - Searching for Stardust inside the Solar System</i>	May 2020

Tucson Amateur Astronomical Association <i>From Stars to the Laboratory: Stardust in the Solar System</i>	Aug 2019
Washington University – Brown Bag in the Dept. of Earth & Planet. Sciences <i>Origins of organics and volatiles in meteorites: insights from TEM in-situ heating experiments.</i>	Aug 2018
Microscopy & Microanalysis Conference – Invited Talk <i>Low-Voltage Transmission Electron Microscopy Analysis of <math>^{15}\text{N}</math>-Rich Organic Matter: Insight into the Origins of Fine-Grained Antarctic Micrometeorites.</i>	Aug 2018
University of Arizona – Colloquium in the Lunar & Planetary Laboratory <i>Before and After Solar System Formation: Insights from Micrometeorites</i>	March 2018
University of Arizona – Brown Bag in the Lunar & Planetary Laboratory <i>From Stars to the Laboratory: Reconstructing Stellar History via State-of-the-Art Microscopy</i>	March 2018
University of Arizona – 2018 UA Core Facilities Fair (on behalf of Hitachi) <i>In-Lens High Resolution Electron Microscopy: Low-Voltage Study of Meteoritic Carbonaceous Materials.</i>	Feb 2018
University of Arizona – Seminar in the Dept. of Materials Science & Engineering. <i>Laboratory Astronomy: Stardust in the Solar System.</i>	Oct 2017
University of Arizona – EOS Origins Seminar in the Dept. of Astronomy <i>Circumstellar and interstellar grains in Antarctic Micrometeorites.</i>	Oct 2017
Harvard University – Cosmochemistry Special Seminar in the Dept. of Earth & Planetary Sciences <i>From Stars to the Laboratory: Presolar Silicates in the Solar System</i>	Sept 2015
Washington University – Brown Bag in the Dept. of Earth & Planet. Sciences <i>Antarctic Micrometeorites: Tiny Meteorites or Cometary Particles?</i>	Sept 2015
University of Hawaii – HIGP Seminar Series, University of Hawai'i at Manoa <i>Presolar Grains in Fine-Grained Chondrule Rims: Tracers of Nebular and Parent-body Processing</i>	Nov 2012
Washington University – Brown Bag in the Dept. of Earth & Planet. Sciences <i>Presolar Grains as Tracers of Nebular and Parent-body Processing in Meteorites</i>	Sept 2012
